Automation Engineer | Ronen.Akr@gmail.com

ABOUT

Software Quality Assurance tester and automation student at Gal Matalon's QA and Automation College. I can describe myself as a fast learner, who loves to learn new things and to deal with new challenges and assignments. I'm a team player that at the same time highly independent and motivated to learn as much as possible in order to develop my skills. In addition, I have a BSc in Mechanical Engineering and MBA in bussiness administration with 7 years of professional experience in Projects Management.
